LEMONS AND LOVE GET DECIDEDLY MIXED.
SETTLE PATE OF ARLINGTON GIRL, AND HELENA MAN.

Sweet-scented Missive Falls Out of Sweet Fruit into the Hands of James M. Berquist and Wedding Bells Will Soon Ring.

BY DIRECT WIRE TO THE TIMES.
HELENA (Mont.) Feb. 24.—(Special Dispatch.)—As the result of a semi-love ditty placed in a box of lemons, at Arlington Heights, Cal., and a correspondence that followed, along with an exchange of photographs, a marriage will shortly take place between a young lady at Arlington Heights, Cal., and James M. Berquist of Helena.

Last December upon opening a box of lemons at a local fruit house, Berquist found, therein, neatly tied with blue ribbon, the following letter from Helena:

"If this note should fall into the hands of a steady, good-looking young man, I would be pleased to hear from him. I am a native of California, and never had an opportunity to travel much, but would like to hear how people live and do in other States. I faithfully promise to answer."

A correspondence followed, and in the last letter Berquist pleaded the old story, and was highly elated at the agreeable reply he received yesterday. He will start for California soon to complete the pretty romance by marrying the Arlington Heights maid, whose name he declines to divulge for the present.

Berquist is a trusted employe of one of the largest fruit and produce houses in Montana, and about 35 years old.

HOTELS ALL FULL.

Scores of Visitors Turned Away from All Hotels—Travel Heaviest in History of Los Angeles.

Every one of the big hotels in this city was filled to its fullest capacity several hours before bedtime last night. Each was compelled to turn away scores of applicants for shelter into the wet streets to search for a resting place. When the overload arrived from the North at 11 o'clock p.m., the clerks had a very bad half-hour. Groups of old customers stood at the desks and threatened, and everything down to the billiard and pool tables was occupied.

The hotels provided for guests who telegraphed ahead for reservations at near-by rooming-houses, but those travelers who had not sent word ahead were compelled to hunt for quarters themselves at the midnight hour. "Never in the fifteen years I have been actively engaged in the hotel business have there been so many visitors in Los Angeles as now," said Milo M. Potter of the Van Nuys last night.

STILL ALIVE.

After Two Day's Sleep Salzer Revives.

Salzer's Piano House at 353 South Broadway is dead but Salzer is still alive; very much so. As advertised last week, during my closing out sale, the old business was finished, but another and a greater has come in its place.

A new company, of which I am President and Manager, has been organized with a capital stock of \$100,000 and is styled The Pacific Music Co.

Knabe is the leader. Fischer, "CROWN," Baumeister, Foster, Wegman and Haines make an array of pianos nothing can break down. I have always stood for principle as well as for business.

My chief tenet has been "no stenciled-and one on my floor, take it for the finding."

On this rock of entire reliability, let the new concern be founded and nothing can stand against it. In fact no other house has ever come out with any such declaration of principles in this city. "Good goods or no goods" will be our motto.

In a short time the Pacific Music Co. will occupy quarters second to none and with a policy as broad and safe as its name implies, it expects to become an important factor in the coast trade.

Thanking my many friends for their confidence and patronage in the past, I remain, sincerely yours,

A. M. SALZER,
President and Manager.

EVENTS IN SOCIETY.

Miss Elizabeth Sommarinck and Thomas W. Sanders were married yesterday afternoon at the home of the bride's parents, Mr. and Mrs. John Sommarinck, No. 1265 West Twenty-third street. The ring ceremony was used, and the officiating clergyman was Rev. William Horner Day, who was a schoolmate of the groom a number of years ago at Ottawa, Ill.

The parlor and reception hall were decorated with amaranth, ferns, callas and violets, and the young people stood under an arch of greenery when the minister pronounced the words that made them man and wife. The bride wore a gown of cream tulle-trimmed with real Duchesse lace. Owing to illness in the family only relatives and a few friends were present.

The bride is one of the fairest of the flowers that blossom on the prairie.

MINES AND MINING
ON THE PACIFIC COAST.DISCOVERY OF GOOD PLACERS IN
COCHISE COUNTY, ARIZONA.

Sale of the Mammoth Gold Mine—
La Mina Grande—Strike in the Bag—
New Discovery Near Tonopah,
Nev.—Mining Notes.

What are likely to prove good placer diggings have been recently discovered near what is known as Ewell Springs in Cochise county, Arizona. The mine is located in the mountains of Cochise county, Arizona, and is situated on a hillside, about a mile from the town of Ewell Springs.

TELEPHONE.

Something Regarding Opposition Telephone Investments.

To the public: In view of the fact that certain people are agitating the introduction of opposition telephone exchanges in various towns for the purpose of obtaining large sums of money for the purchase of the same, it is hereby stated that the telephone exchange in this city is the only one of its kind in the state, and that it is the only one that is profitable.

I beg to say that, notwithstanding the general opinion to the contrary, in 10 per cent. of the towns and cities of the state, the telephone exchange is profitable. It is profitable because it is the only one that is profitable.

Since 1895, twelve or more opposition telephone exchanges have been started on the Pacific coast, and in some cases the results have been very successful. In some cases, the exchange has been profitable, and in some cases it has not.

The Western Mining World says the dry-milling process, has been abandoned at the Mammoth mine, and has been replaced by the wet process. In reference to this, that paper says: "The substitution of the old for the new one is one over which the population of that camp may well exult, while the management and the owner of the Mammoth mine, which has yielded the latter over \$1,000,000 in gold, have every reason to be satisfied with the result."

It is reported that the Mammoth mine, which has yielded the latter over \$1,000,000 in gold, have every reason to be satisfied with the result.

THE ORANGE MARKET.

Special and Authentic Quotations by Telegraph.

CITRUS FRUITS IN THE EAST.
NEW YORK AVERAGE PRICES.
NEW YORK, Feb. 24.—(Exclusive Dispatch.) Twenty-five cases of oranges were sold today. Large sizes were scarce; medium firm. Until last week the large sizes had been 50 to 75 cents higher than medium. Now, the reverse is the case, medium being preferred. Only a small proportion of today's fruit was strictly fancy. That is steady. On the whole, the market was firm. Navela, extra fancy, large, 2.45@2.55; regular, 2.40@2.45; small, 2.35@2.40; half boxes, 2.30@2.35; regular, 2.25@2.30; small, 2.20@2.25; standard, large, 1.90@2.25; regular, 1.85@2.20; small, 1.80@2.25. Lemons, fancy, large, 1.90@2.05; small, 1.85@2.00; standard, large, 1.80@2.00; small, 1.75@2.00. Grape fruit, 2.25@2.45; one-quarter boxes, 1.75@2.00.

Business.
FINANCIAL AND COMMERCIAL.
OFFICE OF THE TIMES.
Los Angeles, Feb. 24, 1902.
INCREASE IN NATIONAL BANKS.
The Comptroller of the Currency shows that under the banking act of March 14, 1900, up to the end of January, 1902, the increase in national banks had greatly increased there being at the latter date 473 such banks with a capitalization of \$471,910,155. There were only 361 national banks with authorized capital of \$416,380,000, when the law was passed. Of the increase, 73 banks, 113 had been State banks before the new law took effect. From the increase in capital it is evident that at the end of January these banks were small, yet it is said the act has not resulted as was expected in the formation of many banks with a capital under \$50,000 each. 54 of the new banks were of smaller capital than the former limit, \$50,000. Speaking of this Bradstreet's says it is noted that at the end of January the national banks had on deposit authorized circulation \$32,000,000, against \$14,000,000 when the law was passed. Of the \$50 new banks formed since the new law went into force \$14,000,000 was in the form of deposits, \$10,000,000 in the form of authorized circulation, while their capital aggregates \$14,000,000. The other 113 banks, on the other hand, have \$7,354,500 of bonds to secure circulation, compared with \$1,000,000 when the law was passed. It would seem from this that even with the new issue of 2 per cent. bonds available as security under the new law, the attraction to small banks to the out notes is not greater than it was in the large issue. It is also noted to indicate that high prices for government bonds, due to the purchase of securities, have been a factor in the order to keep down the surplus, have made more profitable for banks to restrict their capital to the new issue of 2 per cent. bonds.

LOCAL PRODUCE MARKETS.
The produce markets open with few changes to note.
The interest continues to center in eggs. The taking out of a carload and the rains have, first, cleaned up the surplus that had been depressing the market and then, checking receipts. The general price today is 21 cents, a slight house quoting below that figure.
Butter is firmer, but the undertone is weak. These exports rather extensive all over the State, mean plenty of grass and a larger flow of milk in a short time.
There is not likely to weaken until after the price of butter goes a good bit lower.
Poultry is very firm under continued light receipts.
Potatoes are very firm. Early Rose seed are very scarce and held at \$2.25, not \$2.15, as the types made them in this department Sunday morning. Cabbages continue to rule low as the shipping demand is very light. In other lines there is no change to note.

Orange County Towns: Santa Ana and Fullerton.

BOUND FOR MISSOURI.
IS JOSEPH WILLIAMS.
SHERIFF, WITH HIS PRISONER,
LEAVES FULLERTON.

Fullerton, Feb. 24.—Sheriff McCray arrived last night from Gallatin, Mo., with the necessary papers for the return of Joseph Williams to that state, and started back today with the prisoner. The District Attorney of Davies county, where the crime is alleged to have been committed, says he has a sure case against Williams, who accomplished his own escape from the state prison here, by force. A few months after that he was married to a well-known young man of Davies county, says the sheriff, and the young woman told any one of the undisciplined father had taken with her, until he had repeated the offense, after she was married, at the point of a pistol. Then Williams was arrested, and taken before a justice of the peace, appointing a certified check of \$300 for his appearance at the preliminary examination, but before he had a hearing in court, he sold his place and went to an outside point to take a trip. Up to this time McCray believed that the officers were bribed when Williams was given his liberty and left for Oregon. One of the South Dakota officers admitted to McCray that Williams had money, and that one or two of them—the Dakota officers—had assisted Williams in looking after his money.

DEATH OF J. S. WALLACE.
J. S. Wallace, aged 72 years, and a resident of Fullerton the past twelve years, died Sunday night, after a lingering illness of several months, of typhoid fever, which was the direct cause of his death. He was one of the best known men in the city, and a member of G.A.R. circles, being a member of the Fullerton Post. He was a native of Illinois and served his country in the Civil War. The cause of his death was a complication of his late residence, which was in Fullerton, and the remains will be interred in the Fullerton cemetery. The G.A.R. will attend in a body, and the pallbearers will be selected from the local post.

ANAHEIM.
JOB ON CHAIN GANG.
ANAHEIM, Feb. 24.—L. Bole, who a few months ago served a ninety-day sentence in the County Jail, has been sentenced to spend three months more there. Before he was sent to the jail, he was found guilty of disturbing the peace, and while in a drunken row he severely bit Ed Bustamante, who was trying to keep him from hitting another man. Harry Riebeck, who accompanied Bole from Anaheim Landing, was "sent over the road" for ten days.

ANAHEIM BREVITIES.
The ball game here yesterday afternoon between the Fullerton oil well and Norwalk nine was a 1 to 1 tie. The game of the sixth inning, when the Norwalk boys had to return home on the evening trip. The crowd was large, and Harry Dyer will put in hundreds of acres of grain, now that the rain has come. He does not intend to plant corn, but will plant wheat. The rain has advanced too far for seeding land for late grain. Miss Elizabeth Burger of Los Angeles has purchased a local millinery store. E. Berringer, formerly of Anaheim, has located in El Paso, Tex. James Temple, recently from Garvanza, has completed a house east of town and will put up a ten-horse-power pumping plant. R. W. Pratt has completed two new cottages in town. The engagement of Mr. Zeller and

SANTA ANA.
CANNERY MAY BE LOST.
SANTA ANA, Feb. 24.—Unless more attention is paid to the growing of delicious fruits in the valley, the big cannery will close its doors. Last year it was necessary for much of the fruit to be shipped in from the North in order to keep the cannery going, and this, the operators claim, was not a paying proposition. The California Cannery Association, of which the Santa Ana institution is a branch, has several large canneries in the central and northern parts of the State, and it would be less expensive to can the fruit there than to ship it to Santa Ana—250 to 400 miles away. Several years ago the merchants of Santa Ana contributed liberally toward the establishment of this institution in the belief that the farmers would produce an abundance of fruit. It is a fact that the cannery has offered good prices for fruit, and if Santa Ana loses it now it will be a serious blow to the industry on the part of the power itself, for the benefit of whom the institution was secured.

REDLANDS BREVITIES.
Fourteen carloads of oranges were shipped tonight for eastern markets, as a result of today's packing. This is the smallest shipment in any one day for over a month. Packers are not anxious to get the fruit out during the wet weather, and when the market is in the present depressed condition. Several of the packing-houses were not open today.

Mrs. Kate Berg, Secretary Ladies' Auxiliary of Knights of Pythias, No. 58, Commercial Hotel, Minneapolis, Minn., After Five Years Suffering from Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—Whatever virtue there is in medicine seems to be concentrated in Lydia E. Pinkham's Vegetable Compound. I suffered for five years with profuse and painful menstruation until I lost flesh and strength, and life had no charms for me. Only three bottles of your Vegetable Compound cured me. I became regular, without any pains, and hardly know when I am sick. Some of my friends who have used your Compound for uterine and ovarian troubles all have the same good word to say for it, and bless the day they first found it."—MRS. KATE BERG.

LOVE SONNETS OF AN OFFICE BOY.
This morning when we come to work I got into the system, and I jammed in the elevator back of you, and there they made you stick your elbow in me where the mince pie lands; the lunch that I had brought, but still I didn't care. You leaned against me, for you couldn't stand. Because the ones in front were crowded, and my nose was pressed into your back hair. I wish we'd had to go ten times as high. Or else that we'd be shootin' upward yet. And never stop no more until we'd get away above the clouds and in the sky and you'd lean back forevermore and let your hair pins always jab me in the eye.
